The Credits by Examination that you see on the curriculum are 38 credits that RN-BSN students receive just for having an RN License. There is a fee of \$420 for these credits, because we actually count them as NSC credits even though these courses were not taken at our institution. This fee is mandatory and will be charged to your account right before you graduate from this program. That is also when these 38 credits will be applied. The tables above show what you would be paying if we made it mandatory to take these courses vs. what we charge for having the Credits by Examination fee.
