

CHAPTER.....

AN ACT relating to tax increment areas; authorizing the creation of tax increment areas by cooperative agreement between a city and the Board of Regents of the University of Nevada in certain circumstances; changing the manner in which certain revenue limitations apply to securities issued for certain tax increment areas; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law authorizes the creation of tax increment areas by the governing body of a county or city. (NRS 278C.150) The governing body may dedicate the revenues from the property tax imposed in a tax increment area to the financing, acquisition, improvement or equipment of certain specific undertakings, including a drainage and flood control project, overpass project, sewerage project, street project, underpass project or water project. (NRS 278C.140) **Section 1** of this bill authorizes the creation of a tax increment area by cooperative agreement between a city and the Board of Regents of the University of Nevada in certain circumstances. **Section 2** of this bill provides that for the purposes of a tax increment area created by such a cooperative agreement, in addition to other undertakings, an undertaking may include certain projects for infrastructure and capital projects for the principal campus of the Nevada State College.

Under existing law, the total revenue paid to a tax increment area is limited to 10 percent if the population of the applicable municipality is 100,000 or more and is limited to 15 percent if the population of the applicable municipality is less than 100,000. (NRS 278C.250) **Section 3** of this bill provides that if a municipality issues securities for a tax increment area when the population of the municipality is less than 100,000, the municipality will receive the benefit of the higher 15-percent revenue limitation until such securities are paid in full, regardless of whether the population of the municipality reaches or exceeds 100,000 after such securities are issued.

Existing law provides that when real estate or a portion of real estate which is exempt from taxation is leased, loaned or otherwise made available to and used by a person or entity in connection with a business conducted for profit, or as a residence, that real estate is subject to a certain amount of taxation, except in certain circumstances, including when it involves property of any state-supported educational institution. (NRS 361.157) **Section 4** of this bill excludes from that exception any part of such property located within a tax increment area created pursuant to this bill.
